

SUMMARY

Potip M.M. Administrative and legal guarantees of the state privatization policy in Ukraine.

The scientific approaches to defining the concept of administrative and legal guarantees have been presented, their signs and characteristics have been considered. The basic concepts of administrative and legal guarantees as legal instruments in the form of means, methods, measures and conditions of influence on participants of public relations have been revealed. The common purpose of administrative and legal guarantees, which is to ensure the effective implementation of privatization policy, has been proved.

The norms of the Law of Ukraine "On Privatization of State and Communal Property" have been analyzed. The modern administrative and legal guarantees stipulated by this law in the sphere of privatization have been identified: a guarantee contribution, which serves as a means of fulfillment by a potential buyer of an object of privatization of its obligations to participate in the auction; database and electronic auction module, as a means of guaranteeing equal access to information to auction participants electronically; bank guarantee to fulfill the obligations of the buyer; the terms of the contract for the sale of the object of privatization are related to the provision of social guarantees to the employees of such enterprise; Seller's assurances of disclosure of privatization status. The signs of administrative and legal guarantees of the formation and implementation of the state privatization policy are identified. The necessity of expanding the range of administrative and legal guarantees of the state privatization policy has been proved through the development of guarantees of personnel, methodical, technical support, as well as guarantees of control and supervision over the observance of the implementation of the state policy in the sphere of privatization.

The author's concept of administrative and legal guarantees of state policy in the sphere of privatization is formulated. Amendments to the Law of Ukraine "On Privatization of State and Communal Property" are proposed with the purpose of normative consolidation of the formulated concept of guarantees of state privatization policy and definition of their system.
