

Kirilenko F. O., Zahorulko A. P. Miscellaneous committed in Ukraine in 1960-2018. Criminal protection of human rights and freedoms is of particular importance in the investigation of violent and property crimes, including robberies. Among the various forms of criminal encroachment on the welfare of the welfare, values and other spheres of human life, robbery is one of the most dangerous crimes.

The public danger of this crime is the seizure of someone else's property through the use of violence that threatens the life or health of the assailant or the threat of such violence. Therefore, there is an urgent need to investigate this type of offense. In addition, the need to analyze the statistics of the Ministry of Internal Affairs of Ukraine, reflecting the dynamics of the robberies made in 1960–2018, is due to the need to cover and evaluate such information.

The materials investigate the statistics of law enforcement agencies on robberies committed in Ukraine in 1960–2018. Particular attention is paid to the structure of crime in the regions, in particular the specifics of differences in its level and structure between different historical regions of Ukraine. The analysis is based on official statistics from law enforcement agencies. Materials are supplemented by primary statistics.
